

2024 WA, SA & NT AELERT REGULATORS EVENT

Connecting regulators in the North, South and West

EVENT DETAILS

Join us for the WA, SA & NT AELERT Regulators Event in February 2024 alongside your fellow regulators and AELERT members.

The purpose of the event is to connect with regulators from across Western Australia, South Australia, Northern Territory, and the Commonwealth to come together, build connections, and set the foundations for collaborative work of significance in 2024.

DATE	February 7 & 8, 2024
LOCATION	George Brown Darwin Botanic Gardens. Northern Territory
TIME	Wednesday: 9:30 AM - 5:00 PM Thursday: 9:00 AM - 1:30 PM
COST	Free to attend

Attendees will receive updates from other agency reps on current works and what is coming up for the year ahead and be treated to an expert session on risk communication techniques - something every regulator will benefit from.

This event is also a forum for impact assessment, energy and mining practitioners to connect with peers and workshop responses to the interjurisdictional challenges and opportunities they face.
